

## **Resetting the Climate & Culture of Schools Training** *Supporting Schools SEL Reopening Plans*

### **Option 1: 3-Hour Virtual Training:**

This 3-hour virtual training provides a road map for a common sense SEL approach that promotes “connection” as the most effective strategy for meeting the needs of students, while not overwhelming staff with another program or initiative.

It is designed to engage all staff in understanding the benefits and importance of developing and implementing a social and emotional “safety net” for all students.

Attendees will receive the following, all of which can be easily implemented within the structure and flow of the school day:

- Resources
- Tools
- Activities

**Cost: \$1500**

### **Option 2: 6-Hour In-Person Training**

This interactive training provides a road map for a common sense SEL approach that can be easily implemented within the structure and flow of the school day. It promotes “connection” as the most effective strategy for meeting the needs of students, while not overwhelming staff with another program or initiative. It is designed to engage all staff in understanding the benefits and importance of developing and implementing a social and emotional “safety net” and plan for all students.

The training will provide opportunities for:

- Discussion
- Practice
- Review of resources, tools and activities

**Cost: \$3800 inclusive of travel**

### **Option 3: Customized Consulting Services**

For schools wanting a more personalized approach and one-on-one support in developing, implementing, measuring and managing their SEL efforts, Community Matters offers customized consulting services. This service includes:

- Review plans and policies and identify the gaps
- Recommendations for strengthening existing efforts
- Identify potential SEL funding sources

**Cost: Varies on services provided**
